Beast In View by Margaret Millar On the first page of Beast in View we are given this fragment of inner monologue: this lie is true, yes, this is a very true lie . The implied contradiction takes the full length of the novel to unravel, in what is a tour de force even for a writer as adept at the art of complex deception as Margaret Millar. the crime segments: *Beast in View, by Margaret Millar

Beast in View is very dark, almost noirish in tone, and probes deeply into the human psyche, in many ways much

more realistically than many modern offerings. This book will not be the last of Margaret Millar for me. Highly recommended, but beware -- there is little in the way of happiness to be found in the entire novel.

Beast in View - Margaret Millar - Complete Review

Beast in View is a grimly dark tale -- Helen and her family are all quite miserable. Millar has Blackshear believe in Helen's redemption, and even fall for her (a widower, he's also looking for something in his own life), which feels a bit forced in this very narrow time-frame. A few of the coincidences are all too neat, too, but it's an effectively gripping and unsettling tale.
