--Foreign Affairs "China Goes Global is a fascinating and scholarly challenge to the received wisdom about China's rise, and an important critique of the accepted narrative of Chinese expansionism." -- The Economist "David Shambaugh provides a thoughtful look at the nature and consequences of China's rise in this carefully researched and well-written volume."

[CHINA GOES GLOBAL: The Partial Power | By David Shambaugh ...](#)

While Shambaugh is mostly concerned with the international implications of China's identity crisis, his analysis of the disagreements, the divisions, and the confusion among China's elite decision makers and thinkers led this reader to worry about China's domestic political capacity to manage elite differences and rising public demands for greater projection of China's power.

[China Goes Global: The Partial Power: David Shambaugh ...](#)

China Goes Global attempts to put into context China's influence in the world today. There is no doubt that China's economic rise has created immense interest in understanding the motives and goals of China in both the local and global context and this book adds to the literature on the subject.

[China Goes Global, by David Shambaugh - academia.edu](#)

In China Goes Global, David Shambaugh discusses China's growing prominence on the international stage, charting how the country's expanding economic power has allowed it to extend its reach virtually everywhere from mineral

mines in Africa, to

### **China Goes Global Free Summary by David Shambaugh**

Shambaugh, who is the director of the China Policy Program at the Elliott School of International Affairs at George Washington University, believes that conventional wisdom about China's emergence as a global power may exaggerate its standing. China could be doomed to be a partial power because it focuses so narrowly on its own interests. China's global impact militarily

### **China Goes Global: The Partial Power | YaleGlobal Online**

China Goes Global: The Partial Power. David Shambaugh. Oxford University Press, 2013. ISBN: 0199860149. Pages 4 to 8 . China is the world's most important rising power. In two decades, China has moved from the periphery to the center of the international system. Every day and everywhere, China figures prominently in global attention. Wherever one turns, China is in the news gobbling up

### **China Goes Global: The Partial Power by David Shambaugh**

In China Goes Global: The Partial Power David Shambaugh presents and defends the main argument of the book: China's influence is increasing globally and yet it still remains only a partial world power. This book is a constructive answer to China threat (see Carpenter, 2006) and When China rules the world (see Jacques, 2009) perspectives.

### **David Shambaugh - Wikipedia**

David Shambaugh (Chinese: born January 18, 1953) is a professor of political science and international affairs at the George Washington University in Washington DC, as well as a non-resident senior fellow at the Brookings Institution.
