#### **Homepage | Dairy Herd Management**

Dairy Herd Management provides business information and editorial leadership to commercial dairy owners, managers and consultants in the milk industry.

#### **Herd Health - The University of Nottingham**

What is herd health? We define herd health management as a method to optimise health, welfare and production in a population of dairy cows through the systematic analysis of relevant data and through regular objective observations of the cows and their environment, such that informed, timely decisions are made to adjust and improve herd
