Deconstructing International Politics by Michael Dillon

Michael Dillon is internationally regarded for his contributions by political philosophers, international relations scholars and security studies experts, as well as by philosophers more broadly. It is difficult to overrate his importance to the development of critical deconstructive approaches not

Project MUSE - Deconstructing International Politics by ...

Michael Dillon's collection of nine essays, originally published from 1989 to 2008, has much to say about deconstruction and much less, at least directly, about international politics.
