[Apply Now](#). An Electronic Medical Record (EMR) is a computer-based or digital version of a patient paper medical record used by physicians, nurses and administrative staff. [EMR Administration for the Health Office Professional](#) is designed to introduce you to the concepts, knowledge, and skills you will need to be successful as a Health Office

[Electronic Medical Records | Canada Health Infoway](#)

[Electronic Medical Records](#) An electronic medical record (EMR) is a computer-based patient record specific to a single clinical practice, such as a family health team or group practice. In clinical settings where there are a number of doctors, nurses, dietitians, pharmacists, and other health care professionals, EMRs can improve communication between them and support productivity.
