Global Intellectual History | Samuel Moyn
The contributors to Global Intellectual History explore the different ways in which one can think about the production, dissemination, and circulation of global ideas and ask whether global intellectual history can indeed produce legitimate narratives. They discuss how intellectuals and ideas fit within current conceptions of global frames and processes of globalization and proto-

In response to this wave of cosmopolitan writings and discussions, Samuel Moyn and Andrew Sartori have assembled thirteen essays (including their own introduction to the volume) in order to define an emerging

field of global intellectual history.

Global Intellectual History by Samuel Moyn - Barnes & Noble

Global Intellectual History provides both in equal measure through multiple models drawn from exceptionally broad expanses of both time and space. The result is a milestone, a collection of the first importance for global historians and intellectual historians alike.

Global Intellectual History on JSTOR

Samuel Moyn and Andrew Sartori have sufficient confidence in their way of doing global intellectual history to ask a known skeptic on the analytical usefulness of the concept of globalization to comment on their project. I hope not to disappoint, in the sense of both underscoring the value of their effort to broaden the scope of intellectual history as commonly practiced and questioning the

Samuel Moyn and Andrew Sartori also point out at the outset of their book that intellectual history remains marginal to the historical discipline and that

internationalization has hardly affected the practice of intellectual history (p. 1).
