Shakespeare's plays - Wikipedia

Shakespeare's plays have the reputation of being among the greatest in the English language and in Western literature. Traditionally, the plays are divided into the genres of tragedy, history, and comedy; they have been translated into every major living language, in addition to being continually performed all around the world. Many of his plays appeared in print as a series of quartos, but approximately half of them remained unpublished until 1623, when the posthumous First Folio was published.
