Nine out of ten sailors today own sturdy, often beautiful fiberglass craft. Fiberglass brought boating to the non-rich, but the history of that revolution has never been told. Daniel Spurr rectifies this omission with his highly readable and affectionate account of the fiberglass boat, from its earliest incarnation in World War II to the present day. In the early days, when shoestring genius was unfettered by industrial efficiency, there were boats with tailfins, boats baked in ovens, and
