Now and on Earth by Jim Thompson - Goodreads  
Now And On Earth is Jim Thompson's very first novel and those expecting the usual nightmare noir from him won't find it here. This is more like a John Fante novel or a Bukowski Factotum/Ham On Rye-styled novel. In fact, Now And On Earth would make a good companion piece to Factotum, wine guzzling and all.

NOW AND ON EARTH, Jim Thompson's first novel, draws on personal experience to depict a hardscrabble life in the sun-soaked streets of mid-20th century California. Chronicling the birth of a writer and the plight of the working man, it prefigures the American classics that followed, in a deeply-felt, autobiographical tale that shows a writer just coming into his own. **Reviews.** There are no **Now And On Earth - Jim Thompson - PDF Free Download**
