Providing Agri-environmental Public Goods through ...

Collective action should be given serious consideration in addressing agri-environmental problems. Agriculture is a provider of food and, to a certain extent, public goods such as biodiversity and landscape, but it can also have negative impacts on natural assets such as biodiversity and water quality.

. OECD (2013) Providing agri-environmental public goods through collective action. Paris: OECD. 306 p. TITLE: Resolving Conflicts between Agriculture and the Natural Environment

Public Goods and Externalities - Agri-environmental Policy ...

Agriculture is a provider of commodities such as food, feed, fibre and fuel, and it can bring both positive and negative impacts on the environment. Yet most policy measures target farm systems, inputs and practices and agricultural infrastructure (driving forces) rather than the provision of agri-environmental public goods (environmental
