An interdisciplinary study of skin bridging cultural and psychoanalytic theory to consider how the body's "exterior" is central to human subjectivity and relations. The authors explore racialization, body modification, self-harm, and comedic representations of skin, drawing from the clinical domain, visual arts, popular culture, and literature.

Abstract. The striking image on our book's cover is of a  
sculpture by artist Catherine Heard from an installation  
titled Efflorescence, first exhibited in 1997 at The Power  
Plant in Toronto. We chose this artwork for its resonance  
with the themes, tensions and creativity striven for in the  
book.
