Over the years, millions of school children must have written out their address in the same way - their house number and street, their town, their country, their continent, planet Earth, the universe Following this simplest of patterns, taking each line of the address as a starting point, Tim

[Address Book: Our Place in the Scheme of Things by Tim Radford](#)

Radford takes the childhood habit of writing one's address with "the world, the universe" etc. tacked on the end. He writes lyrically at times but without telling me anything I didn't know. In the end, I didn't see the point of the book.

[Address Book: Our Place In The Scheme Of Things: Tim ...](#)

A sensational easy-to-read book, for lay people or amateur scientists -- or anyone who has ever been puzzled about where they "fit in" to the mysterious universe. I'm a science illiterate and have given up more times than I like to remember trying to read books "explaining" the world-and-beyond
