Tides by Betsy Cornwell - Goodreads

Upon finishing Tides, my breath was taken away. I am still having trouble coming up with sentences that will actually do this novel justice. Cornwell beautifully captures the salt water waves of the ocean, the magical, fantasy beings called selkies, the ties that bind a family, and love.

Tides gives an insight to selkie life and addresses the selkies' worst fear of having their sealskin stolen from them. The interaction between Cornwall's selkie and human characters are a beautiful representation of how fantasy and magic can be present in our everyday lives. I found Noah and Mara's first meeting so adorable. Their relationship takes a bit of time to actually start developing

Tides I am a 50 year old YA fan and regularly read YA new releases as well as having enjoyed many of the classic YA authors when I fit into the young adult category. This is a lovely tale set in the Isles of Shoals off the coast of ME and NH.
